Sub:- Reconstruction of old mosque located
near the bus station in class V centre
of sector G-6

The summary submitted by the Director Municipal Administration was considered and after some discussion it was decided that the Director should contact the representatives of Jamaat Ahle-Hadees and find out if they were willing to finance the re-construction of the mosque. If they agree, the present occupants may be persuaded either to arrange for the cost of re-construction of the mosque or handover the mosque to Jamaat Ahle-Hadees for re-construction.

5/204/67.

Sub:- Design of car park for Secretariat
Block A & B.

The design of the multi-storey car park, presented by the Deputy Director (Arch.), was approved by the Board with the following observations :-

- i. The elevation and sky-line of the building to be improved, as suggested during the discussion, and presented for approval within the next 2 or 3 days.
- ii. The sides of the building should be curved as suggested.

It was decided that complete building (composed of the basement and the ground, first & second floors) should be constructed and nothing should be left for construction. The drawings for the building were required for the purpose for which the building was intended.

foundation should be supplied by the D.D.(Arch.) to the Director Works immediately for commencement of work. The site of the building was also approved.
