Case No. 1024/154/66.

Sub: LOCATION OF VARIOUS CATEGORIES OF PLOTS
AVAILABLE FOR CONSTRUCTION IN SECTOR F-6.

The Director Planning indicated on the plan the numbers and locations of various categories of plots available for construction of Government houses in sector F-6. After detailed consideration the Board took the following decisions :-

- i) 13 'I' type houses should be constructed in F6/2. These should be bungalow type houses and 20' space must be kept open on either side of the building.
- ii) 10 'H' type houses should be constructed in F6/3. These should also be bungalow type houses and 15' open space must be kept on either side of the building.
- iii) 35 'G' type houses should be constructed on 24 plots in G6/3, 6 plots in F6/2 and 5 plots in G6-3. X
- iv) All the 44 'F' type plots in F6/1 should be utilized for construction of F type houses.
- v) 40 'E' type houses should be constructed on the plots available in F6/1.

2 F-6-3

It was also desired that the plan of the area in F6/1 where E & D type plots have been provided should be revised and the location of the followers' colony should be adjusted in the light of the discussion, preferably by the side of the mullah in the southwest corner of F6/1. Final decision regarding the siting of the plots on which 40 'E' type houses are to be constructed will be taken after the revised plan of this area is shown to the Board.

- vi) The total number of D type plots in F6/1, that would be provided in the revised plan to be submitted by the Director of Planning should be utilized. It was decided that the row of D type plots along the Blue Area in F6/1 should be converted into larger plots of 160' depth with 80' or 90' frontage.

- vii) The plots earmarked for Government houses in the south-east corner of F6/4 should be kept in reserve for future demands.
 - viii) The designs for A, B 7 & C type houses have already been approved by the Board. Action for other designs should now be expedited.
 - ix) For the designs of H & I type houses a competition should be held. A similar competition should be held for the designs of K & L type houses also.
2. The layout plan of sub-sector G7/4 was examined and it was decided that D type plots should be provided along the major road and the east service road of G7/4. It was also decided that while revising the layout plans for sub-sectors G7/1 and G7/2 D & E category plots should be provided along the major and service roads in and around these sub-sectors.
